

Legal Disclaimer

1. Research Use Only – No Clinical Purpose

This Report (also referred as BrainHealth Report) is provided strictly for **research, educational, and informational purposes only**. It is **not intended and must not be used for clinical diagnosis, prognosis, treatment planning, or medical decision-making**.

The outputs of this Report are derived from proprietary computational models and may include comparisons with reference or normative datasets. These analyses are **experimental and non-diagnostic**, and **do not constitute medical advice or clinical opinion**.

2. No Clinician–Patient Relationship

Use of the BrainCast/MRIme platform and access to this Report **does not establish a clinician–patient relationship** between the user and BrainCast Neurotechnologies (or its personnel, affiliates, or partners).

Users are strongly advised to consult a **qualified healthcare professional** for any medical concerns or interpretation of imaging findings.

3. Data Processing & Access

By uploading data to the platform, you acknowledge and agree that:

- Your data **may be processed prior to payment** for the purpose of generating the Report;
- The generated Report will **not be released or accessible** until payment is successfully completed;
- BrainCast / MRIme **does not guarantee report generation, availability, or retention** prior to payment;
- Uploaded data and pre-generated results **may be deleted, archived, or deprioritized** if payment is not completed within a specified timeframe.

BrainCast reserves the right to **modify, delay, or withhold access** to Reports until all applicable fees are paid.

4. Data Responsibility and Consent

You represent and warrant that:

- You have obtained all **necessary consents, approvals, and legal rights** to upload and process the data;
- The data does not violate any **applicable privacy, health data, or research regulations** (e.g., HIPAA, GDPR, local data protection laws where applicable);
- You are authorized to act on behalf of the data subject (if applicable).

BrainCast/MRIme **does not verify the legality or consent status** of uploaded data and disclaims responsibility for unauthorized use.

5. No Warranty

The Report is provided **“as is” and “as available”** without warranties of any kind, express or implied, including but not limited to:

- Accuracy, completeness, or reliability;
- Clinical validity or fitness for a particular purpose;
- Availability, timeliness, or error-free operation.

6. Limitation of Liability

To the maximum extent permitted by law, BrainCast Neurotechnologies and its affiliates, employees, contractors, and partners **shall not be liable** for any:

- Direct, indirect, incidental, consequential, or special damages;
- Loss of data, revenue, or opportunity;
- Misinterpretation or misuse of the Report.

This includes any outcomes arising from **delayed access due to the “Pay Later” model** or non-payment.

7. Not a Regulated Medical Device

Unless explicitly stated otherwise, this Report and associated platform are **not approved or registered as a medical device** under applicable regulatory authorities (including but not limited to FDA, TGA, CE, or equivalent bodies), and are not intended for clinical deployment.

8. Acceptance of Terms

By uploading data, accessing the platform, or obtaining the Report, you acknowledge that you have **read, understood, and agreed** to this disclaimer and the associated terms of use.
